

Unité 11 – Jeux de classe

Le robot

Focus: This game is designed to practise giving and following directions.

Preparation: Revise directions.

Jeu :

One student is blindfolded, and given a couple of turns so as to lose his/her sense of direction. Other students take turns to give directions to help the blindfolded student find the door of the classroom, e.g. *tourne à droite, maintenant tourne à gauche, va tout droit, non, attends, tourne à droite, continue...*
